SUMMARY OF QUALIFICATIONS

- Results Driven Full Stack Developer experienced in architecting, building, deploying, and maintaining production applications used by **10,000+ users**, with **1,000+ Git commits annually** across software development projects, including a published **Manifest V3 browser extension on the Microsoft Edge Add-ons Store**.
- 3× National Hackathon Winner**, including **AWS & Kyndryl AI ASCEND 2026** and **HEXAWARE -HAIL 2026**, with a track record of solving complex problems and delivering working solutions under tight deadlines and awarded **₹60,000+**.
- Strong hands-on experience in full-stack development, cloud deployment, application security, and Generative AI, including LLM integration, RAG, and MCP tools.

TECHNICAL SUMMARY

- Programming:** Java, JavaScript, PHP
- Full stack:** HTML5, CSS3, Bootstrap, RESTful APIs, MySQL
- Tools/Platforms:** Git, GitHub, Postman, Trello, Figma, Canva, Claude
- Cloud & DevOps:** Microsoft Azure, AWS(Basics), GitHub Actions, Linux, VPS, cPanel, Cloudflare, DNS Configurations
- Security:** Secure authentication, Role-based access control, Cybersecurity Fundamentals
- GenAI:** LLM integration, RAG, embeddings, vector databases, MCP tools, prompt engineering, AI API integration

PROFESSIONAL EXPERIENCE

- Technology Innovation Hub, M Kumarasamy College of Engineering** Aug 2025 – April 2025
Full Stack Developer
 - Led multiple development teams in building and maintaining production web applications (mkce.krconnect.in).
 - Developed and deployed the platform for public usage, supporting 4000+ users across hostel operations.
 - Coordinated development, deployment, feature releases, and ongoing maintenance to ensure reliable production usage.
- Triospark IT Solutions** Feb 2025 – April 2025
Co-founder & Software Developer
 - Leading development and delivery of production SaaS solutions from requirements and architecture to deployment.
 - Built and shipped ZionHR and Poorvi Photography as live client-facing products.
 - Managed VPS, CI/CD, domains, Cloudflare, SSL/TLS, and production infrastructure, while integrating LLMs, MCP tools, and AI APIs into development workflows.
- Nuvai Solutions Private Limited, Bangalore** Oct 2025 – Jan 2026
Junior AI Developer • Remote
 - Built Generative AI knowledge-retrieval workflows using Retrieval-Augmented Generation (RAG) and GraphRAG.
 - Worked on chunking and document preprocessing, embedding generation, and vector databases for semantic search.
 - Integrated LLM-powered capabilities into application workflows; hands-on with retrieval pipelines and prompt engineering.

SELECTED PRODUCTION PROJECTS

- Credixia — Enterprise Finance Management System** | PHP, MySQL, REST APIs admin.afdc.co.in
 - Ledger management, loan processing, balance tracking, KYC workflows, and reporting for enterprise finance operations.
 - Secure authentication, role-based access control, audit logging, and a database architecture designed for transactional data consistency.
- TrioSpark SaaS Products** zionhr.in • poorviphotography.in
 - ZionHR: enterprise HR platform for employee and organizational operations — backend architecture, authentication and authorization, and reusable modules for scalable administrative workflows.
 - Poorvi Photography: responsive corporate website with portfolio and service presentation; both products deployed, debugged, and maintained in production against real client requirements.
- Hostel Management System** | PHP, MySQL | 4000+ users mkce.krconnect.in
 - Modules for leave management, biometric attendance, mess token generation, and IVR-based notifications.
 - Database workflows and query optimization for concurrent, transactional activity; maintained against live operational requirements.

- **MKCE Official College Website** | HTML, CSS, JavaScript, PHP, MySQL mkce.ac.in
 - Developed and maintain the official college website – responsive frontend, backend-driven content workflows, live deployment, feature updates, and performance tuning.
- **LyfLink – Emergency Response Application** | AWS, GenAI [AWS & Kyndryl Hackathon – Winner](#)
 - Cross-platform emergency response app with a backend connecting emergency requests, responders, and incident information.
 - Applied LLM capabilities for contextual incident processing; designed a scalable cloud architecture and demoed the full working solution under hackathon time constraints.

ACHIEVEMENTS

- **Winner – AI ASCEND 2026 (AWS & Kyndryl)** - National Level Industry Hackathon | **₹30,000 Cash Prize**
- **Winner –Prathiyogitha Volume 2 (KEC, Erode)** - National Level 24 Hours Hackathon | **₹10,000 Cash Prize**
- **Winner – Hexaware AI Innovation League (HAIL 2026)** - National Level Industry Codeathon
- **Winner – Gencraft 2026 Hackathon** - Intra-College Hackathon (*MKCE*)
- **Winner – Gencraft 2026 Appathon** - Intra-College Hackathon (*MKCE*)
- **Runner Up –Hackfest 2K26** - National Level 24 Hours Hackathon
- **Cyber Security Achievements** - 2x CTF Winner – Systech Groups Academy Private Limited
- **Creative & Technical Competitions :**
 - Winner – Orlia 2026 Memes Mania
 - Runner Up – Poster Designing Constest
 - Second Runner Up – Codewars Gencraft 2025

PUBLICATIONS

- **DIGSAFE: 5G-Based Smart Helmet for Proactive Worker Safety using XAI**
IEEE ICCTAC 2026 International Conference | *IEEE Xplore ID: 11524539.*

POSITIONS OF RESPONSIBILITIES & LEADERSHIP

- **Microsoft Student Ambassador (MVP)** — Delivered 4+ technical sessions on Generative AI, GitHub Copilot, and developer tools, reaching 500+ participants.
- **President, Unstop Igniters Club** — led coding competitions, workshops, and community programs
Event lead for 2+ national-level Hackathons covering planning, volunteers, and technical operations.
- **Vice Chair, IEEE Society** — coordinated technical events, workshops, student activities and collaborations.
- **Campus Ambassador** — Unstop, Google, GeeksforGeeks: outreach campaigns and student developer programs.

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals	Microsoft	2026
GitHub Foundations	GitHub	2024
LFS101: Introduction to Linux	The Linux Foundation	2025
Enterprise Design Thinking Practitioner	IBM	2025
Google Cybersecurity Professional Certificate	Google	2024
Introduction to Generative AI	Google	2024
Introduction to Large Language Models	Google	2024
Postman API Fundamentals Student Expert	Postman	2024

EDUCATION

- **M Kumarasamy College of Engineering** Karur, India
Bachelor of Engineering - Computer Science and Engineering | **CGPA: 8.57** 2023 - 2027
- **Government Higher Secondary School** Namakkal, India
Higher Secondary Education | **Percentage: 91.3%** 2023
2023
